PRODUCT DESCRIPTION

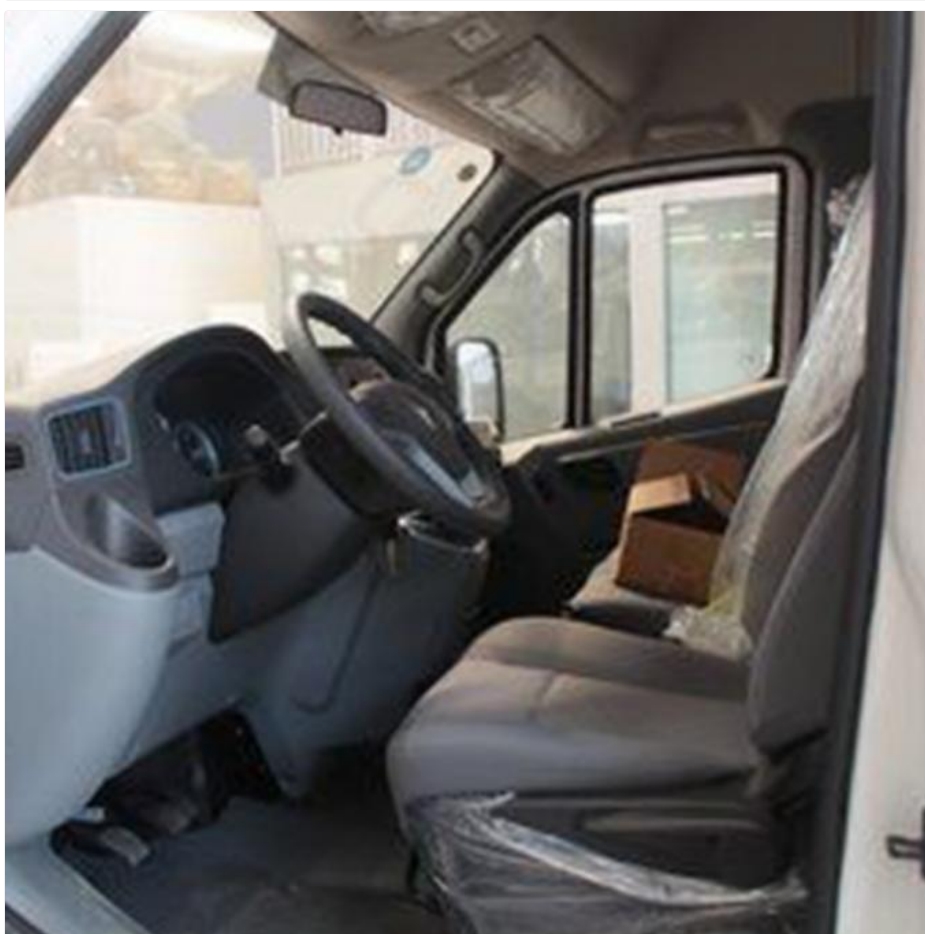

Product Features

The Futon Fengjing medical ambulance is built to national standards with a simple, beautiful exterior and smooth lines. The spacious interior with careful detail arrangement provides comprehensive support for medical rescue operations. The vehicle is equipped with auxiliary medical equipment that ensures a comfortable environment while guaranteeing efficient examination and rescue processes. The exterior design features red or blue reflective strips with rescue logos on doors, hood and tailgate for high visibility. The medical cabin has glass windows with frosted glass paper that maintains privacy while allowing natural light.
